NON-TECHNICAL SKILLS

Communication: **Strong verbal and written skills**
Problem-Solving: **Creative and analytical**

EDUCATION

- B.Tech in Computer Science Engineering (2020–2024)**

CGPA: 7.8
- Rajiv Gandhi University of Knowledge and Technologies, Ongole
- Pre-University Course (PUC) (2018–2020)**

CGPA: 8.0
- Rajiv Gandhi University of Knowledge and Technologies, Ongole

WORK EXPERIENCE

- Flutter Developer**

May 2025 – Present
- Tectoro Consulting Pvt Ltd, Hyderabad, Telangana
- Developed EMM (Enterprise Mobility Management) product features focusing on MDM device management.
 - Built a secure Files application for enterprise device management with controlled file operations.
- Flutter Developer**

May 2024 – Apr 2025
- Anxion Webtech Private Limited, Hyderabad, Telangana
- Built cross-platform mobile applications using Flutter with responsive UI design.
 - Integrated RESTful APIs, Firebase services (authentication, notifications), Payment SDKs, and Google Maps.

OPEN SOURCE CONTRIBUTION & PUBLICATIONS

- FlashAPI – VS Code Extension & Flutter Plugin**

[Watch Demo](#)
- Developed a VS Code extension and Flutter plugin that automates BLoC clean architecture code generation from REST API responses.

PROJECTS

- Secure Files MDM Application**

May 2025
- Flutter, SQLite, EMM/MDM
- Developed a secure file management application for enterprise device management with MDM/EMM integration.
 - Implemented SQLite for encrypted local file storage and metadata management.
- Spa Service Booking Application**

January 2025
- Flutter, PayU Payment Gateway, Firebase
- [Play Store Link](#)
- Developed an end-to-end spa service booking application with Firebase authentication (Phone, Google Sign-In).
 - Integrated PayU payment gateway and implemented Zenoti APIs for outlets, services, appointments, and time slots.
- E-commerce Cashback Application**

October 2024
- Flutter
- [Play Store Link](#)
- Developed a cashback application with RESTful API integration for real-time deals and coupons.
 - Deployed the application on mobile platforms via Google Play Store.
- Multi-App Spa Service Booking Platform**

August 2024
- Flutter, Google Maps, Razorpay
- [User App](#) | [Vendor App](#)
- Built a multi-application spa booking platform (user, vendor, home-visit) supporting walk-in and home-visit workflows with vendor-side assignment.
 - Used Google Maps for location-based store and service listing and integrated Razorpay for secure online payments.
